e-Anatomy

Atlas interactif d'**anatomie humaine**

Access e-Anatomy off-site

1

Connect your device to your institution's Wi-Fi network

When you access www.imaios.com from one of your institution's Wi-Fi networks, its name should be displayed in the upper right corner of the page.

2

For iOS/Android mobile devices: **download e-Anatomy** App

Download and install IMAIOS e-Anatomy App for free from Apple App Store or from Google Play Store on your device.

**3**

Create a free IMAIOS account (www.imaios.com or e-Anatomy App) or use your existing IMAIOS account

4

Log in on www.imaios.com or in e-Anatomy App and access to all modules and features

iOS/Android mobile devices: start e-Anatomy App; enter the App settings and log in with your IMAIOS account to activate all the modules.

Laptop: log in on www.imaios.com and access e-Anatomy.

Your IMAIOS account is now linked to your institution access for **2 weeks***. You can now log in with your IMAIOS account and access vet-Anatomy on our website **from any computer** (at home, university, hospital, etc.) and **from mobile devices** (smartphones and tablets, iOS and Android).

* This 2-week period is reset each time you access our website and log in from one of the identified computers from your institution.
